Sleep Study Appt NO SHOW & Cancellation Policy

Dear Patient,

You have been scheduled for a Sleep Study at Pima Lung & Sleep on _____ at the Tucson / Green Valley Lab.
(please circle one)

We are honored for the opportunity to assist you with your Sleep Diagnostic and Therapeutic needs.

For further information of what to expect at your Sleep Study or need directions, please visit our website at www.pimalung.com. Please click on "Sleep Center" & "Locations" tab located on the left side. The Sleep Center tab opens up more information options for you explore.

Please keep in mind that a private room has been reserved in your name and a sleep technologist assigned to your sleep study, so costs are being incurred to plan and perform your sleep study.

When patients do not utilize their appointments as scheduled this hinders the ability of our office to serve other patients and creates wasted resources that become costly.

If you DO NOT SHOW UP for your Sleep Study appointment a fee of \$450.00 will be billed to you and you will be personally responsible for that fine. Your insurance company does not cover these costs if you No-SHOW your scheduled Sleep Study.

If you Cancel in less than 2 days in advance of the scheduled Sleep Study, a fee of \$350.00 will be billed to you and you will be personally responsible for that fine. Your insurance company does not cover these costs.

We want to avoid these fines as much as you do, so please make sure to appear for your scheduled Sleep Study appointment. We thank you for your patronage.

Sincerely,
Andrew Hobley, RRT
Sleep Lab Manager & Clinic Director
